

REIMBURSEMENT FOR SERVICES:

- A. Insurance Billing. The PROVIDER and Medi-Lynx will bill insurance for their respective component(s) as described below for each applicable Service. (*As used below, the term "hook-up" includes the connection, recording, and disconnection of the monitoring Service. The "professional component" encompasses the review and interpretation by the patient's treating physician or other qualified health care professional. The "technical component" encompasses the 24/7 monitoring service provided by Medi-Lynx, including raw ECG data analysis and report compilation functions.)
- For Holter Monitoring Service:
 - 93226 – Technical component. Only Medi-Lynx bills this code.
 - 93227 – Professional component. Only PROVIDER bills this code.
 - 93225 – "Hook-up" component. The particular situation dictates which party may bill for this code.
 - This code may be billed by PROVIDER when enrolled for "in-office hook-up" and when PROVIDER directly provides the monitor to the patient.
 - However, when the enrollment indicates that Medi-Lynx is to "send/ship to patient's home," then Medi-Lynx may bill for this component.
 - For Event Monitoring Service:
 - 93271 – Technical component. Only Medi-Lynx bills this code.
 - 93272 – Professional component. Only PROVIDER bills this code.
 - 93270 – "Hook-up" component. The particular situation dictates which party may bill for this code.
 - This code may be billed by PROVIDER when enrolled for "in-office hook-up" and when PROVIDER directly provides the monitor to the patient.
 - However, when the enrollment indicates that Medi-Lynx is to "send/ship to patient's home," then Medi-Lynx may bill for this component.
 - For Mobile Telemetry Monitoring Service
 - 93229 – Technical component. Only Medi-Lynx bills this code.
 - 93228 – Professional component. Only PROVIDER bills this code
 - *Note* There is no separate hook-up code available for telemetry monitoring.
